

St. Michael's Academy Policy for Freedom of Information	Date signed off: 8/7/13	No. B5
	Review Date: Summer term 2015	

1. Information

The terms of the Freedom of Information Act 2000, and any subsequent relevant legislation, to ensure all information held by the school is treated in a manner that is fair and lawful.

This policy should be used in conjunction with the school's **Internet Use Policy** and **Data Protection Policy**.

One of the aims of the Freedom of Information Act 2000 (FOIA) is that public authorities should be clear and proactive about the information they make public. To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information, which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information, which we hold, may not be made public for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

The school aims to:

to enable the pupils to feel part of the school community, to make a positive contribution and share in it

to encourage children to reach their full potential by developing their confidence, self-discipline, maturity and responsibility;

Signed by Chair of Governors.....Date.....

to offer a variety of learning opportunities, appropriate to the children's needs, within a well structured and disciplined environment;

to develop in the children enquiring minds and a lifelong interest in learning;

to encourage an active partnership with parents to support their children's development whether academic, moral, social, creative or sporting. This partnership is supported by a contract signed by the school, parents and pupils.

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

This publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:
